Myths and facts

**What about
a cocktail?**

A very important
part of an event.

DESTINATIONS

BERLIN
ROME

For ancient Greeks, Delphi was considered to be the center of the world, amazed by the scenery and Pythia, the famous prophetess. Amalia Delphi with its modern architecture, built in complete harmony with the surroundings, at the foot of mountain Parnassos, offers you a breathtaking view of the valley all the way to the sea and the beautiful village of Galaxidi. Entering the lobby you will be owed by the scenery and most probably you will not want to leave the place. Spacious, comfortably appointed rooms, a restaurant, overlooking the pool and the gardens, offers local flavors, and a bar with fireplace where you can relax while enjoying your drinks.
